

## Committees on Current Governance Page \*Proposal\*

The University Sub-Council for Governance makes the following proposals:

### Proposal I

- The bodies in List A remain on the University Governance listing as “University Level.” These committees, unless under their own constitution and by-laws, will adhere to the University Governance Processes as approved by the UC on April 13, 2021.
- Committees on List B report to the administrator listed.
- The Committees on List C are sunsetted.

Rationale: The Sub-Council conferred with the senior administrators with oversight of the committees for their recommendations. The listing reflects those recommendations.

### Proposal II

- Remove “Standing” and “Advisory” from the names of the committees.

Rationale: After reviewing information provided by Kay Lennon-McGrew from Robert’s Rules re: standing committees and information provided by Ms. Mary Cradic regarding the history of the use of “standing committee” (reported to the President) and “advisory committee” (reported to the Provost or other senior administrator), the Sub-Council noted that these terms are now inconsistent and unnecessary.

## A. To be listed on the University Governance website

### Shared Governance Bodies

(Each has their own Constitution and By-laws)

[Faculty Senate](#)

[Staff Senate](#)

[Student Government Association](#)

### Highest Level Reporting Bodies

[Academic Council](#)

[Information Technology Council](#)
